

## iPad or iPhone Instructions

1. Launch the Safari app. (This does not work from Chrome or any other internet browser.)
2. In the address bar, enter the resource's URL (INSERT URL HERE). Tap Go.
3. Locate the icon featuring an up-pointing arrow coming out of a box and tap it to open a drop-down menu. This icon is usually in the middle of the bar on the bottom of the screen.
4. Tap Add to Home Screen. The Add to Home Screen dialog box will appear, with the icon that will be used for this website on the left side of the dialog box.
5. Enter the name for the shortcut using the on-screen keyboard and tap Add. Safari will close automatically and you will be taken to the icon on your iPad's desktop.
6. Reposition the icon however you prefer on your desktop.
