Coaching Workshop ~ \$325

How did Jesus primarily use questions to engage with those around Him? Why did He often respond to a question with another question, like with the legal expert in Luke (10: 25-26)? Jesus modeled for us the power in curiosity, listening and asking questions as a way to engage with others on their way into God's Kingdom. Would you like to grow in this area? Join us for this six week, highly interactive and practical workshop, primarily focused on:

- What coaching is and is not; how it differs from other helping roles like counseling or mentoring
- Practicing asking powerful questions that stimulate real thinking and action in another
- Active listening skills that mine out what the Spirit might be saying to someone you coach
- Growing in faith as you see God change people's lives from the inside out!
